

studland beach

On the 25th of April the class took the mini buses to Studland beach.

When we got there Alison Jay showed us what we were meant to do. We had to build replicas of how a cliff erodes into a pinnacle. We had to go in pairs or threes Abi and Jess, Edward and Rhiannon, India, Megan and Halla, Kai, Tom and Jude, Jack and Marcus, Rosie, Daisy and Olivia, Ella and Lauren, Ellie and Thai, Ryan and Frankie. In the end Edward and Rhiannon won they won a plastic starfish!

After that Alison Jay demonstrated how a sand dune changes over the years. After that we had a snack and then we went for a short walk through the sand dunes.

By Rhiannon

PS. Thank you Mrs. Sutton, Mr. Kite, Mrs. Wilmore and Mrs. Gibbs for organizing this trip!
